

DEER ELITE NUTS

RELIANCE DEER ELITE NUTS is a high performance supplement designed for elk, wapiti and red deer stags to maximise antler growth and velvet production.

RELIANCE DEER ELITE NUTS CONTAIN:

- High quality ingredients in a 12mm nut for increased utilisation and reduced wastage
- A combination of high quality bypass and rumen degradable protein for increased digestion of poor quality pasture, and to meet the protein requirements of antler growth and velvet production
- A combination of vegetable oils to meet the energy requirements of stags, as well as improving coat condition
- Molasses for increased palatability
- Macro minerals including calcium, phosphorus, sodium and magnesium in nutritional quantities for bone and muscle development
- Vitamins A, D and E for stag health and growth
- Trace elements including selenium, zinc, cobalt and iodine for stag health and growth. Both organic and inorganic copper is included for better absorption and copper status in stags

Reliance feeds are part of our quality assurance program and are quality tested to meet their stated specifications.

RELIANCE DEER ELITE NUTS are made to order and are delivered fresh on-farm.

TRIAL RESULTS

RELIANCE DEER ELITE NUTS have been tested while feeding high quality pasture with ryegrass, clover, chicory and plantain. Stags were fed from button drop until early January and it was found that even under these conditions RELIANCE DEER ELITE NUTS gave extra performance. Stags improved their antler score by an average of 26 points.

INGREDIENTS SELECTED FROM

Barley, Soya bean meal, Peas, Canola, Peas, Wheat, Molasses, By-pass fat, Vegetable oil, Minerals, Vitamins, Trace-elements.
Reliance Deer Elite contains no Palm Kernel Meal

FEEDING RECOMMENDATIONS

Stags - 1kg/day up to 2kgs/day

Feed rates depend on pasture quality and quantity, size of the stags and the season.

If grain or pelleted feed have not previously been fed, transition onto RELIANCE DEER ELITE NUTS by starting with 0.25kg/head/day for a week, before building up over the following one to two weeks.

Ensure an adequate amount of forage is available at all times.

For further information on RELIANCE DEER ELITE NUTS please contact the nutrition team on 0800 200 600.

NOTE: Do not feed RELIANCE DEER ELITE NUTS to sheep as it contains high levels of copper which can be toxic to sheep and lambs.

TYPICAL ANALYSIS (DM Basis)

Energy	13.0 MJME/kgDM
