

# DEER PERFORMANCE NUTS

RELIANCE DEER PERFORMANCE NUTS is a supplement that has been designed for hinds and fawns to maintain weight and production, particularly through lactation. It can also be fed for weight maintenance in non-velveting stags.

## RELIANCE DEER PERFORMANCE NUTS CONTAIN:

- High quality ingredients in a 12mm nut for increased utilisation and reduced wastage
- A combination of high quality bypass and rumen degradable protein for increased digestion of poor quality pasture, and to meet the protein requirements of hinds
- Molasses for increased palatability
- Macro minerals including calcium, phosphorus, sodium and magnesium in nutritional quantities to assist in milk production, and bone and muscle development
- Vitamins D and E for health, growth and fertility
- Trace elements including selenium, zinc, cobalt, copper and iodine for health, fertility and growth

Reliance feeds are part of our quality assurance program and are quality tested to meet their stated specifications.

RELIANCE DEER PERFORMANCE NUTS are made to order and are delivered fresh on-farm.

## FEEDING RECOMMENDATIONS

Hinds and fawns – 0.5kg/head/day to 2kg/head/day

Stags – 1 to 2kg/head/day.

Feed rates depend on pasture quality and quantity, size of the animal and season.

If grain or pelleted feed has not previously been fed, transition onto RELIANCE DEER PERFORMANCE NUTS by starting with 0.25kg/head/day for a week, before building up over the following one to two weeks.

Ensure an adequate amount of forage is available at all times.

For further information on RELIANCE DEER PERFORMANCE NUTS please contact the nutrition team on 0800 278 583.

**NOTE:** Do not feed RELIANCE DEER PERFORMANCE NUTS to sheep as it contains high levels of copper which can be toxic to sheep and lambs

## TYPICAL ANALYSIS (DM Basis)

Energy	12.5 MJ/kgDM
Protein	16%
