

DEER CONDITIONER NUTS

RELIANCE DEER CONDITIONER NUTS is a supplementary feed that has been designed for weight maintenance, and for keeping condition on hinds and non-velveting stags during periods of low pasture quality and quantity.

Formulated from non-genetically modified crops and by-products, may contain traces of GM material used at the mill.

RELIANCE DEER CONDITIONER NUTS CONTAIN:

- High quality ingredients in a 10mm nut for increased utilisation and reduced wastage
- Molasses for increased palatability
- Macro minerals including calcium, phosphorus, sodium and magnesium
- Vitamins A, D and E for health and vitality.
- Trace elements including selenium (1.5mg/kg added) , zinc, cobalt and iodine for stag health and growth. Both organic and inorganic copper is included for better absorption and copper status

Reliance feeds are part of our quality assurance program and are quality tested to meet their stated specifications.

RELIANCE DEER CONDITIONER NUTS are made to order and are delivered in bulk fresh on to farm.

FEEDING RECOMMENDATIONS

Stags - 1kg up to 2kgs/head/day

Hinds – 0.5kg up to 1.5kg/head/day

Weaners – 0.5kg up to 0.75kg/head/day

Rising yearling – 0.5kg to 1kg/head/day.

Feed rates depend on pasture quality and quantity, size of the stags and the season.

If grain or pelleted feed has not previously been fed, transition onto RELIANCE DEER CONDITIONER NUTS by starting with 0.25kg/head/day for a week, before building up over the following one to two weeks.

Ensure an adequate amount of forage is available at all times.

For further information on RELIANCE DEER CONDITIONER NUTS please contact the nutrition team on 0800 278 583.

NOTE: Do not feed RELIANCE DEER CONDITIONING NUTS to sheep as it contains high levels of copper which can be toxic to sheep and lambs.

TYPICAL ANALYSIS (DM Basis)

Energy	12.0 MJ/kgDM
Protein	13%
NDF	<30%
