

## TRUCKMASTER PORTABLE STORAGE TANK RANGE

### TruckMaster

The TruckMaster range has been specifically designed for the safe transportation of diesel fuel. Whether you are in the Agricultural, Construction or Forestry sector the lightweight, robust, portable TruckMaster offers users the ultimate convenience by allowing them to refuel remotely on-site. Both 200L and 430L products are available to order via Farmlands Stores nationwide. Contact your local store now for more information about the TruckMaster 200L and 430L. For more information about the TruckMaster 900L call 0800 666 626.

Available in 200, 430 and 900 litre capacities, the TruckMaster is built from high quality polyethylene providing resistance to structural damage, changing weather conditions and UV radiation. It also offers a range of dispensing equipment options for almost any type of user. Five year guarantee plus a one year on equipment which is all supported by our local customer service team. Easily lifted by shackles or using a forklift.
